

SERBIAN CULTURAL CENTER SAN DIEGO

Children's Education Program for Serbian Culture and Language

Dear children and parents! Children's Education Program for Serbian Language and Culture has been established within Serbian Cultural Center San Diego.

Our first class was held on Sunday, January 12th, at the French American School, which is located at 6550 Soledad Mountain Rd, La Jolla, CA. 92037. This is partnership with The International Language School. The first semester started on January 12, and it ended on June 7, 2020. Classes are held once a week.

Our wish is that with quality teaching and a rich program, children gain new knowledge, explore, and learn Serbian alphabet, and spread the beauty of our language and culture. A curriculum created by several professors of Serbian language and Serbian literature, is based on textbooks approved by the Ministry of Foreign Affairs; The Office for Cooperation with the Diaspora and Serbs in Region.

Serbian Cultural Center San Diego, within which the school operates, was established in June 2019 as 501 © (3) nonprofit organization, enabling its donors to use the tax break. We invite you to take advantage of this fact and help the work of the Center and school with your donations. Our federal tax ID is 84-2547961.

Our teachers will do their best to work with children through learning, games, singing, and acting while having fun and introduce to them the basics of the Serbian culture, language and tradition.

The selection of students in the groups will be based on their enrollment information. Please contact the teachers and/or Board about the appropriate group for your child at the beginning of the school year.

The Board members and teachers will be available to address all your questions related to schools' program. You can contact us at serbianccsd@yahoo.com. **Your contribution and help through volunteering, questions, ideas and comments are welcome throughout the school year.**

Welcome!
